Mr. and Mrs. Richard Smith moved to Stephentown last week. Mr. Smith has been a resident of this city most of his life and was one of our most prominent citizens. He is a thorough going business man and a devoted citizen to the community. His wife is an excellent help in all of their household duties.

The entertainment at the city hall last week was a big hit. The hall was crowded and the door receipts were very gratifying to those in charge. The evening program was well selected and everybody came away well pleased. The entertainment was under the supervision of Mrs. Thomas Williams, and the whole was admirably rendered.

There is more catarrh in this section of the country than at any other place together, and until the last few years it was almost incurable. The cause was a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure, it became a general disease, and finally a constitutional disease. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is sold internally in doses from 10 to 20 to a teaspoonful. It acts directly upon the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O., and sold by Druggists, 75c.

BRANDENBURG.

A MASS CONVENTION.

The Democratic County Convention.

Calls a Mass Convention For

Next Saturday.

The Democratic Committee of

Breckenridge county, met at Hardin

burg last Saturday, and called a Mass

Convention of the county Democracy to

be held at the court house in Hardin-

burg on next Saturday, May 15th, at

o'clock p. m. This is the day set by the

State Central Committee for the pur-

pose of selecting delegates from the

county to the State Convention that

meets in Louisville, May 25th.

The County Committee passed a res-

olution endorsing the action of the

Committee of Cloverport, in calling a

convention in their recent Municipal

election and placing before the people a

full Democratic ticket.

The plan was recommended to Dem-

ocrats in all local contests.

It is therefore considered that Demo-

crats of the county be called to meet in

Mass Convention at the court house on

Saturday, May 15th, at 2 o'clock p. m.

N. C. Mosely, W. K. Bueves,

Sec'y, Ch'n's.

HARNED.

fine girl. Sam is happy.

Mr. C. H. Decker, called on Miss

Maggie Goodman last Sunday.

There is some talk of starting a paper

at Harned, it is to be a religious paper.

Several car loads of timber have been

shipped from Harned in the past week.

A large crowd had here attended the

Masonic banquet at Cedar last Sunday.

Misses Xanadu and Mattie Payne came

out shopping Friday and spent the day at

Harned.

The next house that is built ought to

be for a hotel, we need more accommo-

dations of this kind.

We are going to have a wedding in the

next Court at Harned, it is to be a

wedding, but not a marriage, so, so

look

Yesterday morning while Isaac Oser and Mr. Goodman, of the firm of Goodman & Klein, were driving down Patterson's, their team became frightened and began running away. Mr. Oser was thrown from the wagon and run over. He received painful wounds on the hand, arm and neck, though he is not seriously injured.

Bright people are the quickest to recognize a good thing and buy it. We sell lots of bright people the Little Early Bismarck. If you are not bright these pills will make you so.—Sold by Short & Haynes, Cloverport, and Beard & Beeler, Harbisonburg.

Wm. Glanville and George Tucker, of the Forks of Rough, were in the city Sunday enroute for Evansville. They had a raft of logs there via, Rough Creek and Green river and were going down to sell them.

It is a fixed and immutable law that good and sound health can only be maintained by pure, rich and abundant blood. There is no shorter nor surer route than by a course of Dr. White's Sarsaparilla.—Sold by Short & Haynes, Cloverport, and Beard & Beeler, Harbisonburg.

James Miller and Charlie Bowler have opened a gravel pit at Spotwell, and have a contract with Owen County to furnish gravel for the streets of Owensboro. Bowler left here last week with eleven men and three teams, and they are not at work.

They will remain down till autumn.
Mrs. L. R. Patton, Rockford, Ill., writes: "From personal experience I can recommend Dr. White's Sarsaparilla, a cure for impure blood and general debility."—Sold by Short & Haynes, Cloverport, and Beard & Beeler, Harbisonburg.

Dr. J. R. Frymire, of Union Star, was in the city Thursday and expressed himself as pleasantly surprised with the push and go of Cloverport. He visited several brick works, noticed the new buildings that were under construction and the business of the town generally.

A new addition, known as the Watson Addition, lying on the hill south of town, between Oak and Poplar streets, being surveyed by Mr. F. Fraze into streets, alleys and lots. There will be 50 or 50 lots neatly situated and well suited for building purposes in the plat, and they will be sold at auction about June 1st. We are still growing, and this is another opportunity that the people will have to secure cheap homes.

The Freeholders' party will hold its State Convention at Louisville, June 1st and 2nd. Thirty-one delegates to the National Convention (Cincinnati June 26th) will be chosen. Prof. Randolph, chairman of the National Committee, Col. Geo. W. Bain, Dr. J. D. Smith and others will address mass meetings.

Mr. V. S. Long, of Meade county, arrived with his family last week and has opened up a butcher shop at the West end of the town. He has a good team and two men to drive and help him butcher. He seems to be a good man and a good citizen, and new citizens should receive with open arms.

AMONG THE BRICK PLANTS.
An Hour's Stroll in Our Eastern Suburbs, and What Was Seen To Write About.

We will soon be the Largest Paving Brick Manufacturing City in The World.

Just Think of It!

To occasionally spend a couple of hours among the brick works is good for the soul of a Cloverporter; and when a citizen of the place becomes dependent or takes upon himself the role of a skeptic of the future and lasting prosperity of our beloved city, all that is necessary for him to do is to spend his way brick-plantward; and if he can run that gauntlet of enterprise and industry without having his brain disordered and his doubts forever dispelled, the brand, "Hypochondriac" should be placed upon his brow, and he should be banished to the wilds of Alaska, where in the solitude of the virgin forests, away from the hum of progress and civilization, he can indulge his natural bent to his heart's content without the danger of imparting his infection to the fellow man.

In a tour of inspection and observation the above line was learned the following facts about these promising industries:

The Cloverport Works are running at their full capacity every day, and are now preparing another large shipment of the vitrified article for the streets of Memphis, Tenn. The large Fidelity kiln, with a capacity for 250,000 brick at a filling, has just been completed at a cost of \$8,000, and is a beauty-looking almost like a whole brick works within itself. Captain J. A. Barker was the contractor, and a nice piece of brick machinery there this kiln, was never seen. In addition to this new kiln, several new drying kilns have been erected, and with these improvements the daily capacity of the works have been greatly increased. They now have a kiln capacity for 1,000,000 brick.

Judging from the rapidly with which things are being pushed at the Acme Plant, and the immensity of its proportions, it must be a money-maker concern indeed. The framework of their large machinery building is up, and ready for the roof, which he is being put on; several drying kilns and one large rotary burning kiln are well on their way of construction, with the foundation started for others. Johnson and Stoford are the brick contractors, and they will be pushed to completion as rapidly as city skilled workmen can be secured. A trolley from the clay pits, about 600 feet long, to the works is also being built. Part of the machinery has already arrived and some work of placing it in its proper position will begin.

Mr. Alfred Morgan, the manager, is always the people, and takes pleasure in exhibiting and explaining the work to all visitors.

The Taton Works will soon be ready to start the fire; the setting of the machinery is nearing completion. The great locomotives, which they were of unfortunate as to let fall a couple of weeks ago, is again in its place, and in only a few more days the black smoke will be rolling from its throat, and the hum of machinery will be heard in Eastland. Kiln No. 1 is done; No. 2, far along the road of construction, and J. T. Galligan and Ed. Conner have been contracted to build three others, which will be completed as fast and quick as it is possible for money and men to do it.

What has become of the Ideal Brick Works? They seem to be more "ideal" than actual.

When these three great works are all in operation and turning out their hundreds of thousands of brick a day, there will be no better market in the entire world in which to buy paving brick than in Cloverport; we will be able to all large orders on short notice and, as it is known that we make the best and honest brick in the world, we will surely find sale for all we can make. Last Friday J. K. McCracken, J. C. Loomis and Louis Sommers, directors and large stockholders in the Acme Company, were in the city, accompanied by Chas. Muhler, city engineer of Louisville, who viewed the progress of the various works and it is generally known that they are only waiting until the contracts can be finished sufficient number of brick, and then we will get the contracts for furnishing Louisville with all the paving brick which Louisville will want.

BRECKENRIDGE NEWS.

WEDNESDAY, MAY 11, 1892.

The Sunday Closing.

Senator Vest yesterday presented a petition or rather a protest against keeping the World's Fair open on Sunday, the signers threatening to boycott each and every Senator and member of the House who might vote against it. The petition was mainly signed by clergymen, and was referred to the Committee on World's Fair, Senator Vest remarking that he would vote on the question without regard to the petition or its signers. The remark was unnecessary from the Senator, but was no doubt the expression of honest indignation at the means proposed to accomplish an end against which a large majority of the people protest.

In the World's Fair Bill offered by Judge Lindsay in the Kentucky Senate, the Sunday closing provision was inserted by him, according to the Capital "simply because the preachers of the State sent word that, unless it was done, they would use their utmost endeavors to defeat the bill."

It is written, and in a book with which the clergy should be more familiar than the laity both as to letter and spirit, that men may not do evil that good may result; and even if it were not so written, natural justice would impel a line of conduct based upon the principle. The good, in fact, which results from wrong action, is not good in its real meaning, but simply a standard of good arbitrarily defined by a few, having power neither over the bodies of men nor over the right of free thought common to all; that species of good which is embraced in the idea that my good is good and your good unparalleled wickedness, and therein contravening every law of morals laid down by Hebrew, Pagan and Christian moralists.

The right of petition is denied to no man, fortunately, in these United States, nor in any one of them, whether couched in the form of prayer or of protest; but no where is the right of threatening expressed or implied, and the protests to the Federal Senate and the Kentucky Senate are far worse in principle, and altogether more un-American and more dangerous to free thought and free action, within the law, than the opening of the World's Fair on Sunday could possibly be.

Happily neither Federal nor State government is freer to one more than to another; but if legislation is to be coerced by threats, and especially by the cowardly threat of boycotting a legislator because he proposes to vote as he believes he ought to vote on questions affecting the public at large, and that method is to prevail, as it did in the Legislature, the written guarantees of civil liberty will become absolutely worthless. Legislation coerced by threat is no better than legislation purchased by bribery. The means differ, but the end and object are the same.—Kentucky Journal.

Guess You Can't Make Vitriol Brick Though.

The newspaper people from the Eastern and Western portions of the State, when they assemble in annual Convention in the merry month of May, will find Central Kentucky looking its best. Its bluegrass pastures are a goodly sight to see. They will find at Lexington everything according to their tastes, but if they could journey only twelve miles north of that city they would get a glimpse of "God's country." Some day Georgetown will be lucky enough to capture the Kentucky Press Association, and then every newspaper editor, whether single or married, will fall in love with "The Belle of the Blue Grass."—Georgetown Times.

Mr. and Mrs. John B. Atkinson, of Newport, are charged, arrested with living in adultery. They had been living together eighteen years without ever having had a marriage ceremony performed, and have four children. The Judge held that these being the facts in the case, and as they claimed each other as husband and wife, they are so under the Common Law, and would be recognized as such the world over. So he dismissed the case.

MONTHLY CROP REPORT.

OFFICE OF THE COMMISSIONER OF AGRICULTURE, HORTICULTURE AND STATISTICS, FRANKFORT, KY., April 30, 1892.

The action of the Legislature in appropriating 100,000 for Kentucky's exhibit at the World's Columbian Exposition, to be held at Chicago, ought to be gratifying to every farmer in the State. Gov. Brown has appointed five Commissioners, who are honest and judicious men, to take charge of the money, and they will make such an exhibit as will be of great value to the business interest of the State, and who doubts that, in the competition for the various prizes, that there will be more money brought back in premiums to Kentucky than was appropriated by the Legislature.

The following report is made from reports of correspondents from every section of the State.

WHEAT.

In my report of April 1st I gave the condition of wheat at 92 as compared with same time last year. The last two days of March and first days of April were fine for wheat in fact vegetation of all kinds indicated an early spring; but on the 8th of this month the weather changed, the temperature dropped to and below 30, with several hard freezes, and continued cold and cool until about the 25th; but from nearly all reports the wheat was not damaged, and I have to report it never looking better at this time of the year, and a bountiful harvest is anticipated.

Amount of old wheat on hand 81 per cent.

CORN.

Very little corn planted, owing to the very wet weather; from the 25th to the 28th the weather was fine for planting, but not many farmers were ready. The planting season is later than it used to be. The larger part of the crop used to be planted in April, now the larger part of it is planted in May, and often running into June.

Report as to acreage, 85 per cent.

SORGHUM.

Acreage as compared to last year, 65 per cent.

POTATOES.

Acreage, compared with last year, 80 per cent.

TOBACCO.

As to acreage compared with last year, 85 per cent; plants plentiful and looking well, in some few places killed by frost, and washed out and covered up by heavy rains.

CLOVER.

The crop looks well; the sowing this spring escaped the frozes and looks well. As compared with last year, 101 per cent.

TIMOTHY.

Is not so well advanced as clover, but is looking well; as compared with last year 100 per cent.

PASTURES.

All kinds looking well, but would be improved by some warm sunny days.

HEMP.

The present crop not all broken; weather has been very unfavorable for breaking, which will keep back plowing for new crop, and cause late sowing; the average for this year will be small, 74 per cent.

APPLES.

The early fruit was thought to be all killed by the frozes of this month. Some very early cherries and strawberries were killed, but enough escaped to make a large yield. Very few early apples killed, and from present indications the crop of apples will be abundant.

PEACHES.

Reports vary as to the peach crop; some correspondents report them badly damaged, while others report that the crop will be abundant, unless killed hereafter. Estimated per cent., 65.

All kinds of stock wintered well except in some few counties, sheep have not done well. Since my last report there has been some improvement in a price of mules, from the fact there better demand for cotton.

The fat cattle market fully one dollar per hundred less than this time last year.

GARDENS.

The demand for garden seed and seed corn has been very great. I wish I could have been able to have supplied them all, but it would have required a very large appropriation to have done so.

Very respectfully,
NICHOLAS McDOWELL, Commissioner.

He Probably Bought Him in Breckenridge County.

Mr. L. A. McQuown, the well-known breeder of game fowls here, last Monday shipped the well known cock, "Sweisen-hamer" to parties in the state of Washington. "Sweisen," as he is affectionately called by those who have witnessed his deeds of gameness and daring, is the hero of a score of conflicts in pit and on green sward in which he never fails to hold up his end of the procession with credit to himself, and to the frequent financial discomfiture of those who backed the other fowl. He is the most famous game cock that has left Glasgow for many years.

By the same express, Mr. McQuown also shipped several other fine game cocks to the Carolinas, and to parties in this state.—Glasgow Times.

A pain in the side or back and spots on the face indicate kidney and liver disorder. Mr. Geo. P. Eckes, Lorens, W. Va., says: "I had kidney trouble for over two years. I have tried different kinds of kidney medicine, but got no relief. I was not able to ride horseback, and scarcely able to attend to my business. I commenced using Lightning Kidney and Liver Remedy, and before I had used one bottle I began to improve. I have taken four or five bottles and am almost cured." For sale by all dealers.
